**Application Fee Information**

Effective January 1, 2009, the annual fees for Alcoholic Beverage Control (ABC) licenses will increase by 11.78%. These fee adjustments were authorized by Assembly Bill 1389 (Chapter 751, Statutes 2008) and will enable the Department to continue to provide necessary enforcement and licensing services.

To avoid potential delays in the issuance of licenses, the Department of Alcoholic Beverage Control will begin collecting these new fees on all applications received on or after November 7, 2008. If the license is issued prior to January 1, 2009, the difference in the fee amount will be refunded.
